Reasons for Allowance

The following is an examiner's statement of reasons for allowance: applicant's amendments are deemed to place the application in condition for allowance. As agreed at the personal Interview of June 29, 2004, the prior art, particularly the Chaleki et al device, failed to disclose the particular endoscope assembly as claimed which included an outer sheath including an illumination channel, the outer sheath being removable from the handle while leaving the endoscope body attached to the handle. The prior art fails to disclose such a combination of elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
